DYING BELGIANS LEAVE GERMANY

Tell Stories of Starvation
While There

IN CROWD CATTEN TRUCKS

They Contract Tuberculosis, and
Go Insane in Soltau Work-
man's Camp.

MANY HOURS WITHOUT FOOD

The Hague, Netherlands, (via London).—The first report received directly from the Belgians deported to Germany, who have been invalided from the camp at Soltau, Prussia, has been given the Associated Press. These persons were returned to Germany because they were in a dying condition. A number of them who were interviewed while separated from each other agreed in their stories of conditions prevailing in the Soltau camp.

Seventy of the Belgians were sent home in a crowded cattle truck attached to a freight train. It took three days and three nights for the journey, which usually is made by express trains in six hours. They arrived home in an emaciated condition, coughing, the greater number of them bearing evidence of having contracted tuberculosis.

According to the statements made by these Belgians, while in the civil camp at Soltau they received at 6 o'clock in the morning a bowl of some decoction made from acorns. At midday they received half a liter of soup containing much water and a few turnips, carrots and shrimps, served without bread or potatoes. At 2 o'clock in the afternoon there was given to them 250 grams (slightly more than half a pound) of black bread, bad and often mildewed. In the evening, as at midday, they received half a liter of soup, sometimes containing bran or brown maize.

Steal Food From Kitchen.

Under this regime the stronger men went under and the weak soon fell ill, so that, the Belgians say, deaths occurred daily. Two of the Belgians are said to have become insane the first week. The torment of hunger drove them to such extremes that they crept into the kitchen and collected peelings of potatoes, turnips and carrots. One workman who attempted to escape is reported to have been brought down with a shot and finished with the bayonet.

Nearby was a prison camp for captured Belgian soldiers. The soldiers were better fed than the civilians and came in contact with them on being permitted to attend funerals of civilians. Pitying their countrymen they took to them secretly bread and preserved articles of food.

The returned Belgians say that the civilians at Soltau receive no soap and are advised to use sand instead. Notwithstanding their sufferings most of them refuse to work, although promised good food and considerable pay.

Without Food Thirty-five Hours.

On one occasion forty artisans were taken away, and returned eight days later. They said they had been taken to the Grand Duchy of Baden where for two days they were placed on abundant rations, being told that if they accepted work they would receive such food regularly. On refusing they were sent back to Soltau in a cattle truck where, they reported, they were kept without food for thirty-five hours.

According to these accounts, there are 11,000 Belgians at Soltau, who refuse to work and still hope their release may be brought about. Brussels and Liege thus far are said to have escaped forced labor requisitions.

TWO ARE KILLED

And Two Injured In I. C. Freight Wreck.

Leitchfield, Ky., Jan. 3.—Two young men were killed and two seriously injured yesterday when a southbound Illinois Central freight train was wrecked half a mile south of here. The dead were Roy Hay, of Falls of Rough, Ky., this county, and Herman Madding, of Melber, Ky., whose body was identified by

means of letters found on his person.

The injured are Vernon Dey, of Louisville, hurt about the head, and internally injured and W. Sarver, Falls of Rough, leg broken.

The wreck is said to have been caused by a broken flange. Thirteen cars were derailed and demolished. The dead and injured, together with others, were said to have been in a box car when the wreck occurred.

ONE'S FAMILY STARVING; OTHER'S WIFE IS DYING

President Wilson Heeds Pleas Of Prisoners At Atlanta Penitentiary.

Washington, D. C.—President Wilson heeded Marcus Dempsey's plea that his family was starving when he broke into a freight car and stole \$10 worth of food at Jonesboro, Ark., and released the man from Atlanta penitentiary by commuting his sentence. Dempsey got a year and has been in the penitentiary since last May.

The President also released Frank Charvot, a Chicago mail clerk, so he could visit his dying wife. The man took \$1,300 from the mails, but returned it and got two years at Atlanta. He had four more days to serve.

GRATITUDE TO AMERICANS VOICED BY BELGIAN RULER

Washington, Gratitude for American assistance to the Belgians was conveyed to President Wilson in a New Year's message from King Albert of Belgium received at the White House Tuesday.

It says: "In offering you, Mr. President, my most sincere wishes for the new year I am happy to avail myself of this occasion to thank the great American nation and its President for the sympathy shown my country. The generous and efficient assistance of North America not only inspired in the Belgians a great gratitude, it gives them the hope that the United States will always remain a powerful protector of Belgium."

REFUSES TO ATTEND INAUGURAL BALL

The Rev. Sidney J. Catts, Baptist preacher who went to Florida four years ago from Alabama, has been inaugurated as Governor. In his inaugural address he advocated carrying out the State's project to drain the Everglades swamps, pledged himself to State-wide prohibition and the placing of all schools on an equal footing, and urged passage of a law providing for police inspection of parochial schools, convents and nunneries.

Gov. Catts was elected on a Democratic - Independent - Prohibition ticket after he had been defeated for the Democratic nomination by a small margin. Gov. Catts did not attend the inaugural ball because he is opposed to dancing.

A Lesson Here.

The toll of Christmas disaster due to disregard of fire hazards increased by the family Christmas tree is a heavy one. There is nothing to be done now to retrieve those disasters, but the people might begin the New Year with an effort to reduce the fire waste all around. Any insurance agent gladly will advise his or any other's clients as to the simple and easy methods of protecting oneself against needless loss. Decrease in rates comes with reduction of the hazard, and decreased rates mean decreased cost of living. The American people must realize that their dreadful habits of waste cannot persist if real progress is to be had.—[Louisville Times.]

THIRTY EGGS

Is Record Of J. T. Price's Pullet During Month Of November.

Pullet 723 in the pen of J. T. Price, Rogersville, Tenn., won the December heat of the 365-day egg-laying contest at the Kentucky Experiment Station in Lexington, her record being thirty eggs for December. She also won the November heat, her record then being twenty-five eggs. After laying thirty-five consecutive days she rested one day and then started on a new cycle.

HEIGHT OF DAVIS OBELISK

Will Be Second Only To
That of Washington.

EXCAVATION NOW BEING MADE

Will Be 351 Feet High and Hoped
To Be Completed By
June 3, 1917.

FORMAL DEDICATION THEN

Excavations now being made in the Jefferson Davis memorial park at Fairview, are said to be for the obelisk which is to be erected there. Gen. Bennett Young, of Louisville, president of the Jefferson Davis Home Association, and most active worker for the improvement of the Davis park at Fairview, stated recently that an obelisk 351 feet high, making it second in height only to the Washington monument, would be erected.

The foundations now being dug form a square and measure forty-two feet on each side. They go to a depth of about twenty-five feet. The excavation is being done on the highest point of a considerable eminence in the park. Much rock is being encountered which has to be blasted out. When the excavation is completed a stone and concrete foundation will be laid, upon which the obelisk proper will be erected.

Gen. Young has stated that he greatly desires that the beautifying of the park shall be completed by June 3, 1917, the anniversary of the birth on that spot of Jefferson Davis, so that the formal dedication might take place then.—[Hopkinsville Kentuckian.]

WORLD LOOKS

To United States For Wheat Supplies Between Now and 1918.

The cablegrams from Rome report that the latest information from the wheat crops of Argentina indicate a total yield of but 70,000,000 bushels for the present season, as against double that quantity produced last season.

The wheat crop of Australia, which matures in about the same months as the Argentina crops, is reported as indicating a yield of 125,000,000 bushels, or about 7,000,000 bushels greater than last season.

The earlier reports of heavy falling off in the Argentine crop are thus confirmed, and more than ever the world must look to the United

States and Canada for its wheat supplies for the months between the present time and the harvests of 1918.

Russia is calling every few months millions of farm laborers to the colors. They die for "the Little Father," and whether they gain victories for him or suffer defeats there remains the certainty they are not in their fields raising food for their countrymen or the people of other countries.

Great Britain, France, Spain, Italy, Greece, Germany, Austria, Holland, Denmark, Sweden and Norway, not one of them can raise enough grain to supply the wants of their own people, and while the captured Roumanian stores of grain aid the Central Powers to feed their people this winter, there will be short yields in Roumania this coming season, for reasons obvious to all.

If the war closes in 1917 or continues the nations will need grain to sustain their populations, and the foreign demands upon the United States yields will be more urgent than in 1916 and for far greater quantities.

This country will carry no surplus stock of wheat over the spring months of 1917, as was the case in 1916, so that the earliest yields, those of the States of Texas, Oklahoma and Kansas, will come to markets this year swept bare of supplies.

It is up to the farmers of the United States to supply all contingents with grain during the year 1917.—[Cincinnati Enquirer.]

TO REDEEM WARRANTS

Treasurer Goodpaster Issues Call For Issues Since February, 1915.

Frankfort, Ky., Jan. 3.—State Treasurer Sherman Goodpaster has made a call as of January 15 for the redemption of interest-bearing warrants issued between February 1, 1915, and October 31, 1916. This will retire \$1,800,000 of the \$4,550,628.44 outstanding warrants. Interest ceases on the warrants called in January 25.

THIS BASKET IS WORTH SOMETHING

Mr. Nat Curd is the possessor of a novel basket which has been made from some fine dark tobacco that sold for \$16 per hundred pounds. The basket is neatly made and weighs about three pounds.—[Bowling Green News-Democrat-Messenger.]

Coal In Kentucky.

Lexington, Ky., Jan. 3.—Dr. C. J. Norwood, State Mine Inspector, today stated that the coal production in Kentucky during 1916 was over 24,880,000 tons, an increase over the previous year by 3,500,000 tons. Dr. Norwood says Kentucky now ranks fifth in coal production.

Teutons Must Answer Entente With the Sword, Cry of Press

London.—Comments by the German papers on the Entente reply to the German peace proposal, as sent by Reuter's correspondent at Amsterdam, indicate the universal conviction that peace now is impossible, and that the Central Powers must continue to prosecute the war with the utmost vigor.

The Berlin Lokal Anzeiger considers that nobody will be shocked, because the Entente's refusal was anticipated.

"But," it adds, "every one will be surprised and shocked at the shallowness, levity and mendacity of the reasons given for the refusal, and it is difficult to explain how ten serious men were able to affix their signatures to the document without blushing. Our answer can only be given on the battlefield."

The Vossische Zeitung says:

"All possibility of further negotiations has disappeared under this scornful reply. There is only one rejoinder, namely, warfare, until the cold steel of our arms has brought the fever temperature of our enemies down to something near normal."

The Berlin Tageblatt says:

"We would gladly have written 'Peace be unto thee' over the gate of the New Year, but it would be childish to seek in the Entente's reply any expressions but those of an

absolute 'No.' Who in the world can now doubt that the Entente plans, which aim at the dismemberment of Germany, Austria-Hungary and Turkey, will be resolutely repelled by the German people?"

The Kreuz Zeitung says:

"The form of the Entente's rejection makes it an insult. Our reply can only be given with the sword."

The Vorwaerts says:

"Since our enemies desire to continue the war, no choice remains to the German people. There will be illusion that behind the refusal lies the hope of finally being able to lay Germany prostrate. It is to the interest of the whole German people to frustrate this design."

The Rheinische Westfälische Zeitung says:

"The German people to one man now will gather around von Hindenburg. The last plea for indulgence falls to the ground. All our sharp weapons must come into use on the land and sea and in the air. We know the points where Great Britain is vulnerable."

The Cologne Gazette's Berlin correspondent considers that no way is left open for further negotiations, and adds:

"It is not yet decided what the Government will do, but it is not improbable that Germany again will precisely define the German view direct to the neutrals."

1916 REPORT BY COUNTY AGENT

Resources Equal to Any
County in State

EIGHT FARMER CLUBS HERE

Over 800 Personal Visits Made
By Demonstrator During
Past Year.

BOYS' CLUBS DOING WELL

County Agent W. W. Browder, Wednesday submitted his report to the Ohio Fiscal Court for the year 1916, as follows:

Hon. J. B. Wilson, County Judge, and Members of Fiscal Court of Ohio County:

Gentlemen:—The year of 1916, having passed into history, it behooves us to retrospect a little and see where in we have failed and where made good, and with that end in view, I wish to lay before you in a brief way, the work I have done.

As I have stated to you before, my aim in this work has been and still is a better citizenship, which is produced by better education and better religious training. I have a strong desire to see every farmer and every business man free from the worries of poverty and debt, and to this end I am striving as best I can.

With that in view, I feel that my work with you is to assist you in reclaiming your badly worn soils and to help you in a better and more economical method of cultivation, thereby producing a greater income with less investment, that in so doing you will make the country a more beautiful place to live and the home more desirable, and you stronger in building up agriculture and agricultural life.

The seasons of the year have not all been what we desire, nor do we often get that. We had an extremely wet cool spring and early summer, with all of its drawbacks, and yet with this we have no reason to complain, for we had a bountiful corn, tobacco and hay crop.

We are beginning to see an improvement in a number of things and feel that a brighter day is dawning on our people. We had an extremely dry late summer and fall that kept us from getting all the wheat and clover sowed we would have liked, but these are doing as well as could be expected.

We have vast resources in the county equal if not superior to any in the State and when we fully awaken to the possibilities in this county, we will have one of the best in the State.

I have traveled in your county since January 1st, 1916, 3530 miles by team, and have traveled 1,330 miles by rail in the work; have addressed 2,500 people in 55 public meetings. We have eight farmers' clubs in the county, which we are visiting and trying to help them solve the problems of life and hope to see a club in every community. I have made 675 personal visits to our people through the county, besides 146 to boys in the club work, making over 800 visits in all since January 1st, 1916. Have distributed 1,045 bulletins and have written 924 official letters pertaining to the work. I have held 2,700 consultations relative to the work. Have vaccinated 207 hogs in 31 different herds against cholera. I have pruned 256 trees in 29 different orchards, getting people started to pruning who have never pruned before. Have also assisted in spraying and hope to see many more at it by another year. We have had demonstrations in Crimison, Red and Sweet clover, sown in August, and also Alfalfa sown in August, which have done well, and show beyond a doubt that there can all be raised where we make the fight preparation for them, and help us to restore our land and fill our barns and fatten our stock.

We have also demonstrations in sudan grass, showing what a wonderful amount of feed can be produced in a short while on a small amount of ground. We also have demonstrations in ground limestone, showing some wonderful results in clover and wheat in connection with acid phosphate. Also nitrate of soda, showing a wonderful increase in hay, and we want to try some of this on some wheat in the spring. Demon-

strations on corn and wheat, showing the wonderful effects of acid phosphate on our soils with these crops, also demonstrations in oats and barley. Demonstrations in cattle and hog feeding, showing the necessity of a balanced ration for feeding our stock, both to make gains and cheapen the cost of production.

We have assisted our farmers in purchasing the right kind of fertilizers at much less cost than they have been heretofore paying for them, saving them many dollars, have also assisted them in the sale of their corn and hay. We have encouraged the building of silos to the extent that we have increased the number from five where it was when I came into your county to twenty-two, and from this on they will grow much faster.

We have encouraged better poultry houses to such an extent that you can find modern up-to-date poultry houses in every section of the county, and also better feeding of the poultry to secure more eggs for the same costs.

We are encouraging more stock of all kinds and are getting some full blood herds of cattle and hogs started in the county, both of cattle and hogs, and we are finding a big improvement along this line. We are encouraging better barns and better care of the manure and better applications of it, by using a spreader with it to get better results. We are getting better sanitary conditions with the stock and taking better care of them, making a better investment by so doing.

We have gotten a number of full blood cattle and hogs shipped into the county to improve our stock and hope in the near future to standardize our cattle and make Ohio county noted for one breed of cattle and help us in the sale of our cattle by so doing.

We have also had two boys clubs in the county, one a corn club and the other a pig club, both of which did exceedingly well, as you all know. We hope to have these much larger another year. With the assistance of each of you, which I earnestly ask in behalf of the future of this county, that we may make a citizenship out of these boys that we will all be proud of.

There are a great many things I would like to have in this report, but I do not wish to make it too long and tiresome to you. There are many more things to be done that will help build up this county and make it a better county in every way, and in order to accomplish as much as possible, I want to ask the assistance at all times of each and every citizen in the county, for I need it badly and in a few years time you will see a new county, a better county, a more highly educated people and better conditions in every way. By doing all we can and assisting every progressive move, we can make Ohio county one of the best in the State.

Thanking you for your past cooperation and assistance, and the kind hospitality you have shown me, I am, Most cordially yours,
W. W. BROWDER,
County Agent, U. S. Department of Agriculture.

COUNTY ROAD ENGINEERS MEETING

To Be Held At Bowling Green, January 17th to 20th.

At Bowling Green, January 17th to 20th, inclusive, will be held the meeting of County Road Engineers. Railroads throughout the State have agreed to give reduced rates to the meeting in effect from the 16th to 19th, and good until the 21st. A program of practical problems has been arranged. The Rock Asphalt Mines are located near Bowling Green and to them the delegates will be given a free trip. They will also have the opportunity of inspecting the excellent roads in Warren county.

Entered at Hartford, Ky., postoffice
as mail matter of the second class.

The bill before Congress providing increases of from 5 to 10 per cent. in salaries of rural mail carriers has been agreed upon by the House Postal Committee and its friends believe it will soon become a law. Congressman Johnson of this district, who has heretofore contended that the rural mail carriers are too poorly paid, is a strong supporter of the bill. Mr. Johnson's contention is that the rural free delivery is the greatest service in the entire postal system, and considering the fact that the carriers furnish their own teams and wagons and wear them out over the roads, they get less money for the service rendered than any other class in the whole department. Knowing as we do what the carriers in this and surrounding counties have to contend with, we heartily agree with our Congressman and will rejoice to see this bill become a law.

The Herald takes great pleasure in publishing the report of County Agent W. W. Browder in this issue. Mr. Browder in his report sees a general "improvement in a number of things and brighter day is dawning on our people." We have vast resources in Ohio county, equal if not superior, to any in the State, he says, and when awakened fully to the possibilities of this county we will have one of the best in Kentucky. Read Agent Browder's report. It's worth your while.

John Barleycorn makes men do funny things. Recently a man tanked up in Louisville and started for New Albany in his machine, but missed the K. & I. bridge—the connecting link of the two cities—two miles, going into the river at the foot of Fifth street. Another drink of the same brand would probably have caused him to have gone into the Ohio up near Fern Grove.

The Harrodsburg man who shot himself just as a party arrived to pay him a large sum of money, evidently never had the experience of running a country newspaper and having to pay for news print at the present sky high prices, or he would have waited anyway long enough to have seen the color of the "coin."

The Bowling Green News has absorbed the Bowling Green Messenger. The News Publishing Co., of which John B. Gaines is general manager, bought out the Messenger Company. Mr. Gaines has been in the newspaper game nearly 40 years, and is president of the Kentucky Press Association.

A Boston financial editor has figured out that if Jesus Christ had saved one dollar a minute from the time he came to earth he could not match the wealth of John D. Rockefeller, and if we were Mr. Rockefeller, but what's the use?

The Model License League, the mouthpiece of the saloon, announces that it has solved the problem of the "indefensible bar" and will reform the saloon, reform the saloon? Yes, when "Puss lays an egg."

Rev. Bascom Waters has closed a successful revival at Dawson with more than one hundred conversions. Seems as if the "waters" at Dawson has curative powers for more than mere physical ailments.

The Bethlehem Steel Corporation has put aside \$1,000,000 for bigger mills. We would infer from this that about the easiest way to have lots of money is to "steel" it.

Francis P. Owens, of Chicago, the man who engineers laughed at when he proposed a twelve-story building back in the eighties, is declared insane for the second time.

FARM BANK STOCK BOOKS

TO BE OPEN A MONTH

Collector Mayes Receives Instructions On Preliminary Business.

Subscription books for the 150,000 shares of capital stock of the Federal Land Bank at Louisville were opened this morning, January 10, by T. Scott Mayes, collector of internal revenue in the Fifth district of Kentucky.

Collector Mayes has received notification from the Federal Farm

Loan Board at Washington of his appointment as agent of the bank in opening the books, and was furnished with the regulations.

The capital stock has a par value of \$5 per share, the total \$750,000. The board reserves the right to refuse or reduce any subscriptions. The books will be closed on February 9, at which time the Secretary of the Treasury, in accordance with the farm loan act, will subscribe, on behalf of the United States, to the balance of the capitalization undisposed of through public subscription.

Individuals, firms and corporations may make subscriptions. Cash or certified check to the amount of 20 per cent. of the amount subscribed for, drawn to the order of the Treasury of the United States, must accompany each subscription.

Subscriptions must be made in person to Collector Mayes or mailed to the Federal Farm Loan Board at Washington, D. C. The subscription form follows:

"I hereby subscribe to shares of the capital stock of the Federal Land Bank of Louisville of the par value of \$5 each, and inclose herewith certified check to the order of the Secretary of the Treasury for \$..... being 20 per cent. of the amount of my subscription."

DAVISS GROWER

Assaulted In Louisville Saturday Night—Robbery Motive.

John Weber, a well-to-do tobacco grower of Maceo, Daviess county, was assaulted Saturday night in Louisville at 12th and Market streets, by two young white men who attempted to rob him. Weber said he had a large quantity of tobacco on the Louisville breaks and went there Saturday to dispose of it. Weber's wife protested against his leaving home that day, as it was their eighteenth wedding anniversary, and predicted that some misfortune would befall him. Weber, however, went against the wishes of his wife with the above result. He had \$100 in his pocket, but yelled "police" and the would-be holdups ran before getting it.

ECLIPSE OF MOON VISIBLE IN THIS VICINITY SUNDAY NIGHT

Almost exactly on the dot Sunday at midnight the moon, sailing high in a clear sky, began to dim behind a vapory cloud—the earth's shadow—and from then on the first of four eclipses of the moon for 1917 was plainly visible. Sunday night was the first eclipse since 1913 and the first that has been clear in these parts since 1910. During 1917 the weather bureau says there will be three eclipses of the sun, and if this is correct there will be no similar phenomenon re-occurring here until the year 1982.

HAIL STORM SWEEPS PART OF DAVIESS COUNTY

Windows Smashed and Roofs Wrecked—18 Inches Deep in Fields.

Owensboro, Ky., Jan. 5.—One of the worst hail storms ever known in Daviess county swept the Habit and Philpot neighborhoods at an early hour Thursday. According to reports verified by the most prominent farmers of that section, the hail on the ground reached a depth of between two and three feet deep in some places and the fields were covered by a blanket of hail fully eighteen inches deep. There was no loss of livestock so far as could be learned but hundreds of dollars worth of damage was done to houses, roofs being destroyed and window lights broken out.

Dr. J. A. Kirk, a well known physician of Philpot, was called from his home about 1 o'clock Thursday to go to the home of Charles Barnhill, and was on the road when the storm was at its very worst. He says that he drove up a narrow lane between the farms of Charlie Barnhill and Dick Nelson, about two miles east of Habit, and that the hail was so deep it reached the hubs on his buggy wheels, and because of the hard pull was compelled to allow his horse to rest four or five times before he reached his destination. Dr. Kirk said that it looked like the storm had passed across a strip of land leading over near the old Massie farm, north of the Leitchfield road, and that the hail had been driven into the road, which was considerable lower than the fields on either side, until it had reached a depth of from two to three feet. He said that the hail in this lane was more than a quarter of a mile in length, while the fields on both sides were solid masses of white fully 18 inches deep. There was very little evidence of the hail melting at 9 o'clock this morning, the fields still being covered on farms in that section of the county. Dr. Kirk said that the hail stones were as large as partridge eggs, and the oldest of farmers say that they never say such a fall of hail in their lives.

Houses Nearly Ruined.

A number of houses were almost ruined by the hail and rain, which fell almost continuously for two hours. Roofs were wrecked, and furniture and plastering on the walls damaged by water pouring in. The windows at the home of Charles Barnhill were wrecked, and a gallon bucket was found on the floor full to the brim with hail stones that came down the chimney. Considerable damage was also done at the homes of Bob Nelson and Altha Cooper.

There was no evidence of the hail doing any damage at Maceo, Masonville, Whitesville or other sections of the county. Neither was there any damage in the lower end of the county, except at Panther and Moseleyville, where possible half an inch fell.

Extends Hearty Thanks.

Beaver Dam, R. R. 4, Box 31.
Through the kindness of your paper I wish to extend my hearty thanks for a most delightful birthday dinner on Dec. 26, 1916. It came as a complete surprise to me and was bountifully supplied by generous friends—friends for which words fail me in this expression of gratitude overflowing my heart. Proverbially "We are Seven," one of us Tina Taylor, lies beneath the sod, and one other, Kate Hays, was providentially deprived of the pleasure. Therefore we were only five. The sisters present being Verda Brown, Martha Brown, Lizzie Elliott, Willie Moore and Ina Willis. I am mindful of a little incident quite interesting. In the sometime reminiscence of my mother was a memorial event. My natal day being Dec. 26, 1861, and on Christmas day the neighboring men celebrated with a deer hunt. My father, Henry Cummins, for a while sharing in the sport. Mother and her little boy being alone and in the meanwhile she saw a deer run through the yard near the house. With sincerest wishes for a happy and prosperous New Year, to one and all. Thanking the many friends who so generously contributed to the pleasures of the day.
Appreciatively,
VERDA BROWN.

ELEVEN PUPILS TORNADOS TOLL

Rural Schoolhouse in Oklahoma Wrecked—Several Homes Lifted From Foundation.

Muskogee, Okla., Jan. 5.—Eleven school children were killed, four probably fatally hurt and eight seriously injured when a tornado wrecked the Vireton rural schoolhouse, thirteen miles northwest of McAlester, shortly before noon Thursday.

The school building, a Baptist Indian mission, and four farmhouses were wrecked and a half dozen other farmhouses were lifted from their foundations in the storm which swept a narrow path for a distance of six miles.

GO RIGHT AT IT.

Friends and Neighbors in Hartford Will Show You a Way.

Get at the root of the trouble. Rubbing an aching back may relieve it.

But won't cure it if the kidneys are weak.

You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; attack the pain. Are recommended by many Hartford people.

Mrs. W. T. Woodward, Clay St., Hartford, says: "I have a good opinion of Doan's Kidney Pills for they helped me when I was troubled with my kidneys and back."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Woodward had. Foster-Milburn Co., Props., Buffalo, N. Y. Advertisement.

Flour, yes Flour!

That's what we said. We are not in the grocery business, but hundreds of our customers have asked us, can't you get us some flour? Sure! That's what we can do. Here it is:

Best Patent, 24-pound bag, - \$1.20
A Barrel, - \$9.50

Always rely on us to do it right, or not at all. Take our word, and buy all the goods you will need for several months. Higher prices are surely coming, You can still get the old no advance here.

We sell goods at all times for less than other so-called cut-rate sales.

LOCAL NEWS AND PERSONAL POINTS

WANTED—Housekeeper, \$3 per week. **MRS. A. K. ANDERSON.**

"There's a Photographer" in Hartford. **SCHROETER.**

Esq. Leslie Combs was among The Herald's callers yesterday.

There is only one way to get along with some people, and that is their way.

Mr. E. Y. Park was in Owensboro and Henderson a few days the past week.

Mr. Ray O'Bannon, of Guthrie, spent a few days with friends in Hartford last week.

Mr. Thomas Caldwell, of Paducah visited his sister, Mrs. Joe T. Miller, a few days last week.

Mr. Cal P. Keown left for Knox county yesterday afternoon, where he goes to lease oil land.

Mr. Marvin Bean, manager of the Ohio County Drug Co., was in Owensboro Monday and Tuesday.

Mr. Ellis Bell and Misses Willie Lindley and Hula King have gone to Georgetown to enter school.

Mr. L. G. Barrett, our capable correspondent at Barrett's Ferry, was a caller at The Herald office Thursday.

Page 8 of The Herald will give you the numerous bargains offered by Cooper Bros., Beaver Dam. Don't fail to read it.

Mr. and Mrs. John P. Taylor, after a few days visit to their parents,

has an important position with the I. C. R. R.

Mr. J. E. Leach, representing the Barnes Automobile Company, Central City, spent a few hours in Hartford last Thursday.

Mrs. A. V. Rowan and son, Nay Rowan, Hartford, Route 7, and Mr. Geo. Igleheart, Jr., were among The Herald's callers Monday.

Mrs. Romney Renfrow, of Dundee, Ky., arrived here last week to spend the winter with Mr. and Mrs. John M. Gregory.—Breckenridge News.

Mr. C. E. Miller, of Fordsville, was in town Wednesday on business. Mr. Miller is the husband of our Fordsville correspondent.

Mrs. S. T. Barnett, who fell near her residence last Friday and painfully injured her hip, is improving. It was first feared her hip was broken.

Mr. G. B. Likens, after spending the holidays with his family in Hartford, has returned to Washington to resume his duties as special attorney for the Government.

The Ohio County Board of Supervisors completed their work yesterday and adjourned to reassemble Jan. 23d to hear those whose property has been raised.

Dr. H. H. Pendleton, of Herrin, Ill., who was called to Centertown on the account of the fatal illness of his wife's father, Mr. H. O. Bennett, spent a few hours in Hartford, Monday.

It is reported that Mr. Henry Weinsheimer, who was born and reared in Hartford, and who went West a few years ago, was recently married to a wealthy widow, of Denver, Colorado.

Mr. Henry T. Felix, Olaton; Mr. and Mrs. Rutherford Duke, Calhoun, and Mr. Tom Duke, Owensboro, were among those who attended the funeral of Mr. John D. Duke at Horton, last Monday afternoon.

Mr. Shelby Stevens, who was stricken with pneumonia while at home spending the holidays, is able to be out again and will soon return to Louisville to resume his studies in the Medical University there.

For bargains galore read E. P. Barnes & Bro.'s two-page "Profit-Sharing Sale" announcement on pages 4 and 5 of this issue of The

Herald. It is well worth your time to read every word.

County Judge Jno. B. Wilson spent yesterday in Rockport on business.

Judge R. R. Wedding attended Circuit Court at Greenville a day or two the first of the week.

Mr. Harold Holbrook left for Memphis, Tenn., last night, where he went on an indefinite business trip.

The ladies of class 14 of the M. E. Sunday School will give a social afternoon at Mrs. C. M. Barnett's Tuesday, January 16, from 2 to 4. Music and readings by some of Hartford's most talented young ladies. Everybody cordially invited.

That the tobacco business is becoming a factor in the commercial life of Hartford is evidenced by the fact that it is coming in such quantities that four or five cars were loaded here Sunday in order to make room in the warehouses.

The Herald is in receipt of a beautifully gold engraved announcement of the fiftieth anniversary of the marriage of Mr. and Mrs. James C. Kelly, of Greenville, Ky., next Monday evening, January 15th. Mrs. Kelly's maiden name was Miss Jean Duncan. They formerly resided, for many years, at McHenry, this county.

The survey work on the Owensboro road was begun by Engineer Ligon last week. When this class of work is completed contracts will Mr. and Mrs. H. P. Taylor, have returned to Chicago, where Mr. Taylor be let and the road graded to the Daviess county line. When finances permit the highway will be macadamized.

The Ohio County Farmers' Mutual Telephone Co. held their annual meeting in Hartford last Saturday and elected John M. Shultz, of Prentiss, president, and Dr. E. W. Ford, Hartford, as secretary and treasurer for the year 1917. Considerable routine business was transacted, among which the section of bylaws exempting widows from assessments was repealed. The reports showed finances in good shape, but to keep them so, it was ordered that the annual assessment be placed at 25c for each stockholder or subscriber, due and payable at once. Askins, a new switchboard, asked for membership and was received. Taffy will do so later. The company shows steady growth in numbers and territory.

PUBLIC SALE.

To highest bidder on Saturday, Jan. 13, 1917, the following described property: The household and kitchen furniture, farm implements, one wagon, two horses 8 years old, 10,000 pounds of hay, 8 head hogs, 300 to 400 bushels of corn—the corn to be sold in 50 bushel lots. The hay in 2,000 pound lots.

\$40,000 TOBACCO

SUIT FILED HERE

By the Ross-Vaughan Tobacco Co. Against R. E. Massie and S. B. Lee.

The Ross-Vaughan Tobacco Co., of Owensboro, has filed suit in the Ohio Circuit Court here against R. E. Massie and S. B. Lee, Owensboro tobacco men, for \$40,000, alleging malicious interference with contracts held by the plaintiff with numerous tobacco growers in the Green River district.

The plaintiff say that they have contracts with 400 tobacco growers and these contracts were individual obligations made with representatives of the Ross-Vaughan Company by the growers.

Upward of 1,000,000 pounds of tobacco is involved in the negotiations, the plaintiff aver, and that the defendants are endeavoring to destroy those obligations.

To restrain defendants from interfering with any of the contracts held by the Ross-Vaughan Company with any of the Green River district growers, an injunction is asked by plaintiff.

Competition for tobacco has been spirited in this district, and the filing of this suit is an indication of just how keen it has been.

We have been unable to ascertain the attorneys for the defendants. The plaintiff has retained W. T. Ellis and James Sweeney, of Owensboro, and J. S. Glenn and Barnes & Smith, of Hartford, to represent them.

SALE NOTICE.

By virtue of an order of sale which issued from the Rockport Police Court on the 26th day of Dec. 1916, upon a judgment wherein Noah Zackery is plaintiff and Will Kirtley is defendant, I as special commissioner, am directed to sell 55 white oak saw logs, or a sufficient number of said logs to satisfy plaintiff's debt—\$39.75, with interest at 6 per cent. from October 31, 1916, and all costs of the suit.

On the 27th day of January, 1917, at one o'clock p. m., at the ferry landing in the town of Rockport, Ky., I will offer said logs for sale at public auction on a credit of three months. Purchaser required to execute bond with approved security.

S. L. FULKERSON,

113 Special Commissioner.
This December 27, 1916.

Our Store Policy Pleases Our Younger as well as Older Patrons

We take the same pains to please the most youthful of our customers that we use to win the approval of their elders. It is, as it has been, our purpose to make frank, fair dealing the permanent foundation of our success, that kind of honest, four-square treatment which makes it a pleasure to buy merchandise in our store and gives you the comforting assurance of the best possible values for your money. It is a pursuance of this policy of the square deal, backed by our ability to buy right, on which we base our claim to your patronage.

Having just closed the year 1916, one of the best since the history of our business, we take this opportunity to thank each and every one who has contributed in any way, and asking a continuance for the year 1917. We are yours for good values.

Profit-Sharing Sale!

Begins Thursday, Jan. 18—Closes Wednesday, Jan. 31.

To Share in the Profits You Must Pay Cash or Produce Checks for Your Purchases.
Merchandise Charged Will Be At Regular Prices.

BUY NOW, before we are compelled to charge you 20 to 33 1/3 per cent. advance on your immediate INVEST YOUR MONEY in merchandise you need now and will need next season for yourself and family.

We have been supplying your needs with merchandise we bought at much lower prices than are ruling to-day. We have generously given you the benefit of these early purchases, and have all along only asked you the advances we have had to pay. BUT THAT SUPPLY IS EXHAUSTED, AND FOR TWO WEEKS MORE ONLY we will give you an opportunity to share in the profits by maintaining the ruling prices in force prior to January 1, 1917, which will mean an average saving to you of at least 25 per cent.

With Raw Cotton around 20c per lb., Wool in the grease 45c per lb., Raw Silk more than double the legitimate price in normal times, with everything that enters into the manufacturing of the product of the looms from 50 to 1,000 per cent. higher, it is utterly impossible to think of anything else but much higher prices for Piece Goods, Clothing, Ready-to-Wear, Shoes, Hosiery, Underwear. In fact, nothing we wear will escape. Not since the civil war has such high prices prevailed, and it's war that's the cause of the high prices to-day. Furthermore the demand is much greater than the supply. The retailer is not only confronted with high-priced merchandise, but can we get as much merchandise as we can sell even at the advance prices?

Consider Wisely These Conditions and take warning. This is your last opportunity to buy first quality Fleece and Ribbed Underwear at 50c for garments that are worth to-day 75c per garment. Ladies', Men's and Children's Hose for 10c per pair. All classes of knit goods are 50 per cent. higher and all standard mills have sold their entire production of 1917 on this basis. We have supplemented our regular stock with thousands of yards of Loom-End Calicoes, Ginghams, Percals, Poptins, Crepes, White Goods, Silks, Towels, Organdies, India Linens, Voiles, and many other good things that will appeal to the prudent buyer.

PROPOUND THESE TWO QUESTIONS TO YOURSELF: Shall I buy now and save money, or shall I wait and pay more.

CLOTHING DEPARTMENT.

We find in classing up our Men's Suit stock we have a slight accumulation of 34s and 35s—a great opportunity for small men; also a few Heavy Weight Suits all along the line. In all the other sizes:

SHOE DEPARTMENT.

There is no department in this store where you can save more actual money than in the Shoe Department. It sounds absolutely unreasonable and ridiculous to hear shoe manufacturers talk about the shoe and leather conditions. Yet we realize more and more every time we buy shoes that their statements are rapidly coming true. We have already seen an advance of from \$1.00 to \$2.50 per pair on medium and high grade shoes. They are not in our stock yet but as soon as this sale closes and our inventory is taken the last shipment must be stocked.

MILLINERY DEPARTMENT.

As usual this season of the year we have a regular clean up in this department. We have prepared a lot of special Hats for this sale and the price won't be over one-half of their real value. Some stylish Velvet Trimmed Hats that will surprise you when you see the hat and hear the price. Our loss is your gain. We must make room for the coming spring season.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. FISCAL COURT DOINGS.

The Fiscal Court at its last week session made the tax levy for the year 1917, which was fixed, exclusive of Public School purposes, at 50 cents on each \$100 worth of taxable property and a tithe tax of \$1.50 was also levied. The rate was divided as follows:

For Salary Fund 10 per cent
For Road and Bridges 50 per cent
Sinking Fund 18 per cent
Gen. Expense Fund 14.5 per cent
Charity Fund 7.5 per cent

In the case of J. O. McKenney, et al., on motion to adopt the du Pont Highway as a public road, the court allowed cost to the amount of \$45.65.

W. S. Tinsley was elected or appointed special Commissioner to make settlement with the Sheriff for the 1916 county revenue.

Salaries of the County officers for the year 1917 were allowed as follows:

Jno. B. Wilson, County Judge \$50
A. D. Kirk, County Attorney \$50
Ozma Shults, Supt. Schools 1,000
C. O. Hunter, Treasurer 200
Dr. B. F. Tichenor, County Health Officer 250
Dr. A. B. Riley, County Physician 125
The foregoing salaries to be paid quarterly.

Claims, including fees, amounting to \$193 on account of sheep killed and injured by dogs were allowed.

County Clerk W. C. Blankenship, reported delinquent tax collections during the past year for the county of \$195.75 and for Common Schools of \$58.49.

The Court purchased \$500 worth of cast iron culverts from the Gallion Iron and Manufacturing Co. This Company is represented by Capt. John G. Keown.

Various other claims including many for teams furnished on the public highways were allowed.

On recommendation of the Ohio County Board of Education, or Superintendent of Common Schools, the Court levied a tax of 15 cents on each \$100 worth of taxable property subject to common school tax and a poll tax of \$1 for common school purposes.

The pay-roll on account of work on the Hartford and Morgantown road for the month of December, amounting to \$640.61, was approved and ordered paid.

Superintendent Shults filed his report for the past year but owing to lack of space, we were unable to go into details, but will report on same next week.

The Court adjourned late Thursday evening to meet February 7, at which time the sheriff will make final settlement for the year 1916.

John D. Duke Dead.

Mr John D. Duke, one of Ohio county's best known citizens, died at the residence of his sister, Mrs. R. B. Thomson, with whom he made his home, last Sunday night, after a brief illness of pneumonia. After funeral services conducted by his pastor, Rev. Bailey, his remains were interred in the Bethel church burying grounds Monday afternoon at 3 o'clock.

The deceased, who had been a member of the M. E. Church, South, for more than a half century, lacked only ten days reaching his eighty-second anniversary. While he lived a quiet and unassuming bachelor life, he was the friend of everybody and if he ever had an enemy the writer never heard of it.

Of a large family he is only survived by one brother, Mr. Iron Duke, of Owensboro, and two sisters, Mrs. R. B. Thomson, Horton, and Mrs. Ben Thomas, of Beaver Dam.

MRS. BEN JOHNSON BACK FROM VISIT TO PANAMA

Washington, D. C.—After a two months' stay in Panama with her daughter, Mrs. Ben Johnson, the wife of the Fourth District Congressman, has returned to Washington to remain here during the remainder of the congressional session. Mr. Johnson, who spent the holiday recess in Bardstown, returned, accompanied by Miss Rebecca Talbott, his 6-year-old granddaughter, who will be a guest at the Johnson home until after the inaugural exercises.

Keeping Yourself Well

THE FIRST STEP

Usually the first indication of a lowering of health is found in the bowels and liver. Something goes wrong—we eat too much, or work too hard—and the bowel action weakens or the liver is sluggish. That heavy feeling on arising in the morning, dryness of the throat, with bad taste, a slight headache, dull eyes—all show that food has fermented in the intestines, and that the body is manufacturing poisons instead of good blood.

Clear it all out. Give the stomach and bowels a fresh start. Encourage the liver to go to work. Manalin does all of this, without gripping or weakening. It's the ideal laxative and liver tonic, because it follows Nature's plan, without discomfort, inflammation or forming a habit. Constipation may be overcome with its use.

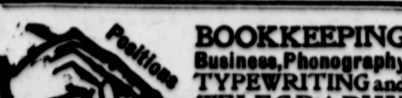

Liquid or tablet form. The Tablets taste like candy. Children like them, and they are safe. 10 and 25 cents. The Fernald Co. Columbus, O.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

Glenmore Distilleries Co.,
Owensboro, Ky.

Gentlemen:

I have fed your dried grains both to my horses
and to my cows, regularly, for more than five years
past, and will say that your dried grains are the
best and most nutritious food I have ever fed, either
to my horses or to my cows.

Before I began to feed your grains, I fed my milk
cows on bran and corn chops mixed, but your grains
take the place of both bran and corn chops.

My cows always do beautifully when fed on your
dried grains, and my experience enables me to say
that no better food can be had, either for horses or
milk cows.

I believe whoever fairly tests your dried grains
will find that they are the very best food on the
market for both horses and cows, but especially for
milk cows.

Yours very truly,

W. T. ELLIS.
